

Cloudburst: The Enterprise Cloud

December 2009

Jim Cuff VP Strategy, Iron Mountain Digital

Cloud Computing: The Promised Land

Cloud is...

...a metaphor for “network”
(Internet / Intranet)

Cloud Computing is...

...an approach to
delivering or consuming
IT-related capabilities “as-a-service”
using the Internet or Intranet

Characteristics

On Demand

Elastic

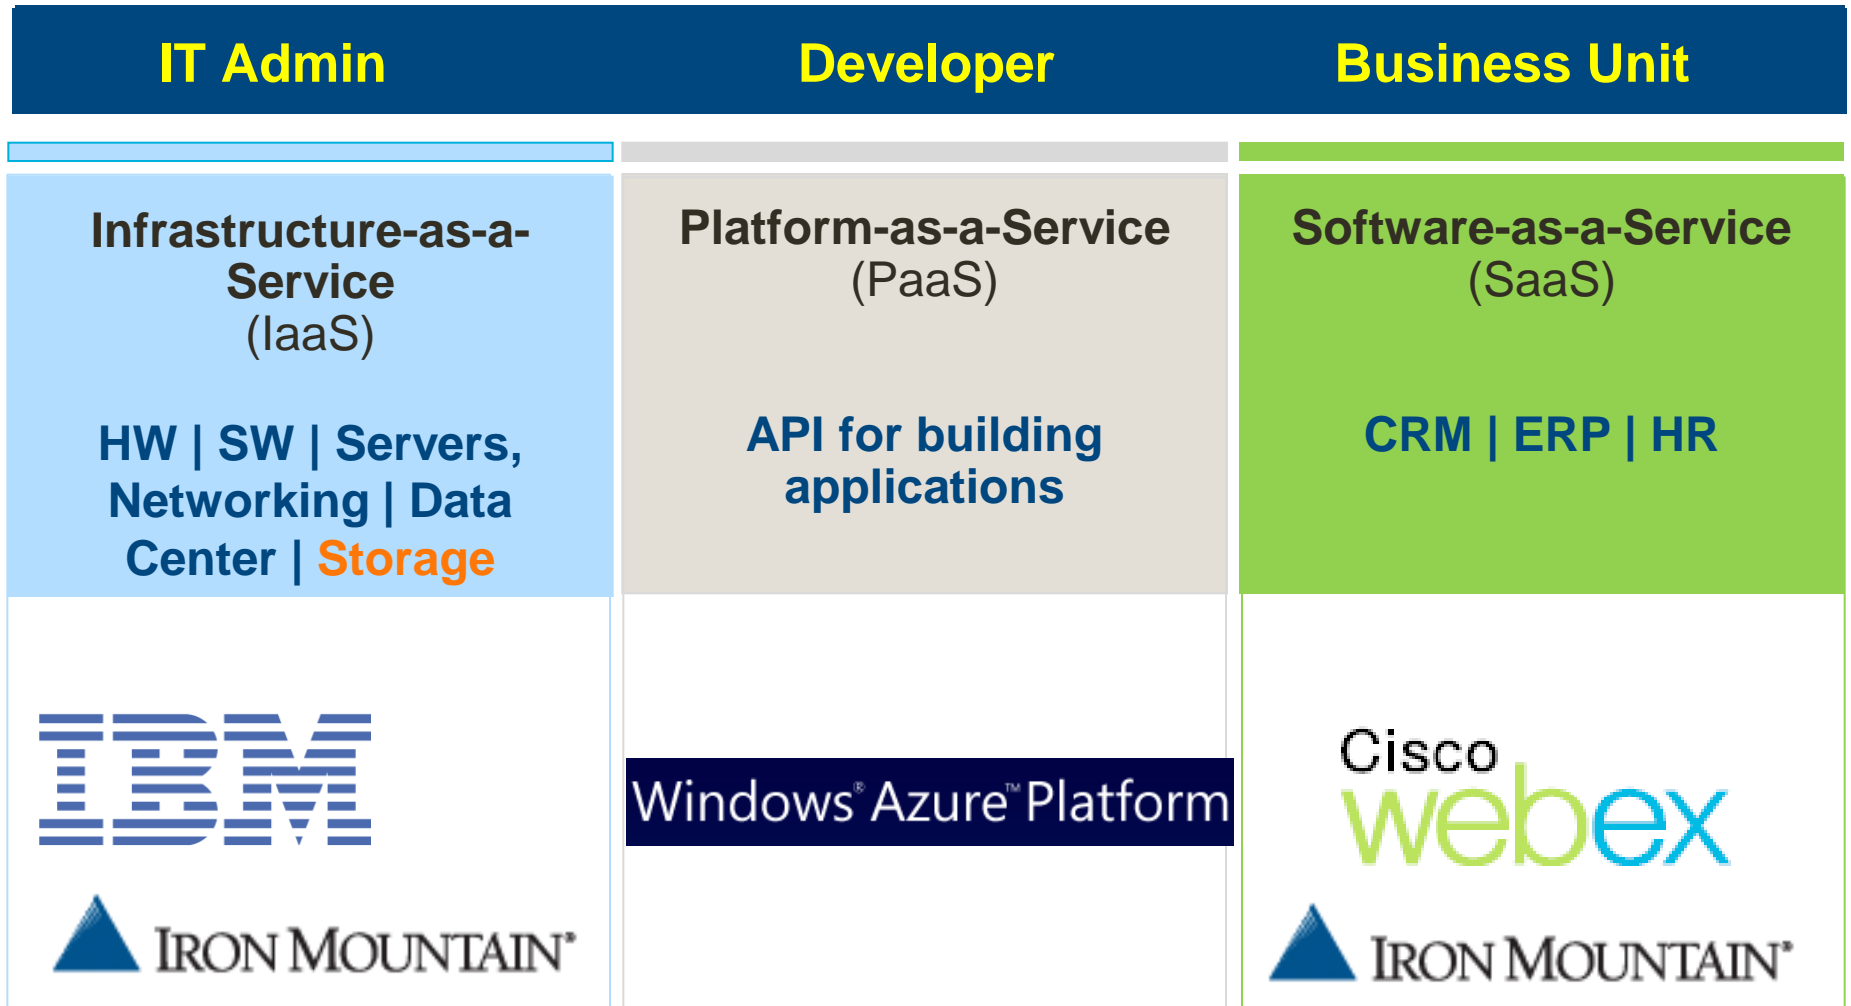

Pay-as-you-go

Easy to deploy

Cloud Computing Layers

IRM's Enterprise Cloud

Do you know where your cloud is?
